CHRIS DREIER  
10A KOPENICKERSTRASSE  
D10997 BERLIN  
GERMANY

Dear Maurizio and Petta,

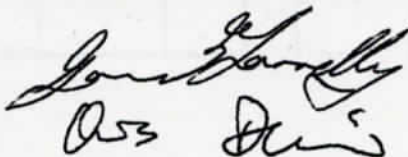

Myself and Chris are delighted that you have accepted the challenge to design a headquarters for our new organisation. The office for Joint Administrative Intelligence OJAI is dedicated to research and cultural production. As such the facility needs a library, office space, recording- and broadcasting facilities, a conference center, directors' apartments, a canteen and access to underground transport. A bunker, archive and space for a museum of bureaucracy and administration is also desired for inclusion. The atmosphere of the building should be solid, austere, oppressive, solemn and repetitive while the structure should not be explicitly nostalgic.

The exhibition opens 22nd of October and ideally we would like the work in our custody a month prior to that date. The show is being carried out without large financial resources so the work will remain your property. The OJAI will produce a work to be donated to SCALE Architects as a token of our gratitude. The SCALE logo will be carried on the invitation card and other literature regarding the exhibition as a collaborative partner. If you wish to travel to Wuppertal we will provide accommodation.

I look forward to hearing from you soon. A copy of this letter has been retained for inclusion in the exhibition.

Regards,

Gary Farrelly  
Chris Dreier
